

CALIFORNIA DEPARTMENT OF JUSTICE

UPDATED INFORMATIVE DIGEST

The Department has removed the definitions of “Business day” and “Working day” as those terms are already in use in Business and Professions Code (B&PC) sections 21628 through 21647. B&PC section 21628 refers to a business day as excluding weekends and holidays.

The Department has amended the renewal fee delinquency language to specify that a 60 calendar day period must pass before access to California Pawn and SecondhandDealer System would be denied, in order to clarify that termination of access would not be immediate.

The Department has amended the secondhand dealer advisement requirement to clarify that the obligation is for the secondhand dealer to provide notification to an intended seller or pledger, in order to ensure that the statutory duty to collect the required certification is met.

There have been no other changes in the applicable laws or to the effect of the proposed regulations from the laws and effects described in the Notice of Proposed Regulatory Action.
